Tips to Remember

For those on a tighter budget needing a quantity of 125 or less invitations Flat Printing is the perfect option. Flat Printing is flat ink on the surface of the paper, unlike letterpress it is not pressed into the paper.

Below is basic pricing for our most frequently ordered invitation components. It is always a good idea to order slightly more than your initial estimate to prevent re-printing costs!

If you love letterpress save money by ordering a letterpress invitation with Flat Printed add-ons. Envelope printing is nice, but many couples cut costs by using an address stamper, labels or handwriting.

This pricing is for any style from our Signature Collection, viewable online in our "Invitations" section. Don't forget, these styles are customized to reflect your favorite colors, fonts & layout.

Flat Printing: One sided flat printing in 2 ink colors of your choice

Prices "per set" include **un-printed** matching envelopes. Prices "per piece" do not include envelopes. This pricing is for smooth white correspondence card stock. Textured stock is not available with Flat Printing. Does not include taxes for IL state residents, applicable rush fees, shipping costs or a design & proofing fee of \$35 per order.
* For Reply cards, we may suggest ordering a certain size based on your specific wording to create the most ideal design.
